# ART FESTIVAL This Weekend In Village

This weekend, from Friday through Sunday, Walt Disney World will be hosting our first "Art Festival at the Village" and you, your family and friends are invited to attend!

The festival began today with over 200 of the top artists and craftsmen in the country having been selected from over 700 applicants from across the U.S. and Canada to compete for 49 cash awards totaling over \$7,500 in nine categories.

The types of art and crafts which will be spotted throughout Lake Buena Vista's Village will include oil, acrylic and water-color paints, graphics and drawings, photography and creative crafts. Many of the art works will be for sale as well as display, with prices touching in all ranges.

Selected to judge the Festival are three highly qualified people in the field of art:

**Lee M. Hoffman**, from Mobile, Alabama, is a graduate of the University of Colorado with a degree in Art Education, a MFA degree in Painting from the University of Washington and graduate work in painting and sculpture. He is a founder and Chairman of the Art Departments at both Spring Hill College and University of Southern Alabama, as well as having judged many national and international art shows.

**Ron Dembooky**, from Drexel Hill, Pennsylvania, is a graduate of Philadelphia College of Art. He has exhibited in 13 states and won 70 awards in the past 10 years. His work has been published in many books and magazines, including NATIONAL GEOGRAPHIC. He has also judged numerous art shows throughout the country.

**Victor Rattner**, from St. Simons Island, Georgia, is a graduate of the University of North Carolina. He has competed work in both writing and crafts and won awards in many shows, as well as judging.

Mickey Mouse, acting as master of ceremonies, will present ribbons to all winning art entries tonight at 6 pm, beneath the Captain's Tower. And then at 6 pm on Sunday evening, the cash awards will be given under the Tower. Strolling throughout the Village all weekend will be various Disney bands and entertainment.

At last, they've arrived! That's right, tickets to the Theatre Workshop's newest comedy smash jab at every one of you, "The Ears Of Our Lives", are ready to be sold.

You can pick up your tickets at any **Cash Control location** or **Cast Activities** for only \$2 per ticket. But you had better hurry . . . the satire play will only be presented two evenings, Wednesday, November 19, and Thursday, November 20. Considering the popularity of past plays, you can bet on this one being sold-out very quickly. So drop by one of these locations today!

We wish to express our deepest sympathy to the family and friends of Billy Edwards, Fantasyland Operations, who was killed in a tragic motorcycle accident this past weekend.

## STUDIO SCENE

Next Sunday evening, November 9, **The Wonderful World of Disney** will present "Big Red", the story of a wealthy, but lonely, sportsman, a Canadian backwoods orphan and the sportsman's champion Irish setter, Big Red. **The Wonderful World of Disney** has been expanded to two hours for this motion picture, starting at 7 pm on NBC-TV. The film stars **Walter Pidgeon** and **Emile Genest**.

## DISNEY MOTION PICTURE BEING FILMED NEAR HERE

For those of you that haven't heard, Walt Disney Productions has a film crew here in central Florida shooting location sequences for the Studio's newest movie, "Treasure of Matecumbe". The crew, numbering up to 90 people including technicians and actors, has been here all week filming in the mangrove swamps bordering the Lake Butler Chain near Bay Hill and on Walt Disney World property. **EYES & EARS** had the opportunity to spend a day with the crews and will bring you a full report in the near future.

"Treasure of Matecumbe" is an adventure story involving two youngsters and their traveling companions on a hair-raising journey from their home in Kentucky down the Mississippi River to the Florida Keys in search of buried gold. Set in the post-Civil War days, the story has both "good guys" and "bad guys", narrow escapes, pitched battles and surprising encounters.

In town for the filming are **Johnny Doran**, 13, and **Billy Attmore**, 10, playing the adventurous boys, with **Robert Foxworth**, **Joan Hackett**, **Peter Ustinov** and **Vic Morrow** starring. Co-stars include **Don Knight**, **Jane Wyatt**, **Virginia Vincent**, **Robert DoQui**, **Mills Watson**, **Val de Vargas**, **Dub Taylor** and **Dick Van Patten**.

## WITHIN OUR FAMILY

**Greta Heminger**, Walt Disney World's **Grooming Coordinator**, announced this week that she is leaving our Company to devote full attention to her family.

Our Wardrobe Department is now looking to fill this important position. The qualifications include that applicants have been with Walt Disney World for at least two years and have a thorough understanding and appreciation for Disney philosophies, especially in the field of grooming. College background and a background in speech are helpful. An awareness and "feel" for general fashion and style, as well as being able to communicate effectively with cast members at all levels is also desirable.

Besides handling all grooming related responsibilities, the Grooming Coordinator also functions as an Assistant Supervisor in the Wardrobe Issue Department.

If you are interested in pursuing this position, please contact either your divisional **Training Coordinator** or **Professional Staffing** in Casting.

(continued from page one)

Room until the strike is resolved. In addition, any **checks or valuable articles** being sent to Canada should be kept by the **department** and not sent to the Mail Room. **EYES & EARS** will notify you when the Canadian mail service is again operating.

## APPLAUSE

The Guest Relations Department received the following letter:

"At the Plaza Pavilion dining area, I left a valuable camera on the table and walked away getting ready to leave the park. A bus boy, named **Roger Justice**, found me on Main Street as we were leaving the park and returned the camera to me. I can't say enough for this young man. He is a credit to your fine organization and you should know how much this means to me getting my camera back. My appreciation to Roger and your organization for employing people like him."

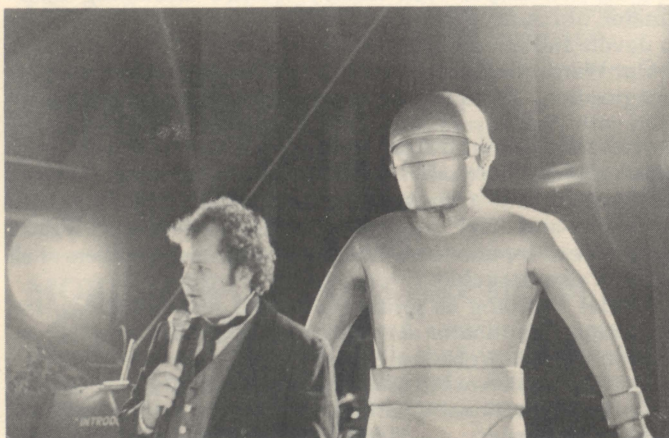

## GODZILLA VERSUS LAKE BUENA VISTA

There were a few strange visitors to Lake Buena Vista's Village last Thursday and Friday. **Godzilla**, **Robby the Robot**, **Gort** (the robot from the movie "The Day the Earth Stood Still") and **Don Post**.

Don Post? Don is the head of the company which produces the rubber monster masks that are a highly popular merchandise item in our magic shops in the Magic Kingdom. Assisted by **Bob Short**, Don displayed some of his newest mask creations under the Captain's Tower in a show sponsored by **Toys Fantastique** in the Village. Besides masks, Don and Bob showed off the specially made-up monster costumes. But alas, times they are a changin' . . . because the children found the show more amusing than frightening.

We guess you could say that Godzilla conquered Lake Buena Vista . . . but not through strength. This Godzilla was only seven feet tall and weighed-in at only 360 pounds . . . 200 pounds of urethane foam rubber and 160 pounds of Village host **Carlos Alexander!!**
